

Bruce Kendall  
Deputy Chief Facilities Executive  
Existing Facilities

Bruce Kendall is the Deputy Chief Facilities Executive, Existing Facilities, for the Los Angeles Unified School District.

Kendall joined the District in September 2002 as the Director, Maintenance and Operations. In July 2005, Kendall became the Deputy for the Existing Facilities Branch.

Kendall has 33 years experience in facilities acquisition and management, and information management and technology. He served over 26 years with the U. S. Navy Civil Engineer Corps. He was a senior manager and production manager of several regional public works organizations that provided facilities and utilities maintenance, repair, and facility operations support services. Kendall was a contracting officer and a member of the DoD Acquisition Professional Community. He also served as the head of the facilities planning section for the Chief of Naval Operations in the Pentagon. His final tour of duty in the Navy was as the Chief Information Officer for the Naval Facilities Engineering Command.

Kendall holds two Masters Degrees, one in Computer Systems Management from the Naval Postgraduate School in Monterey, CA and one in Human Resources Management from Pepperdine University. He is a registered Professional Engineer.
